

Please join us as Purdue welcomes Steven J. Hillenius

Vice President, SRC, and Executive Director, SRC - Global Research Collaboration, Semiconductor Research Corporation

for the **Philip F. Bagwell Lecture**

Celebrating the memory of Philip Bagwell,
former associate professor in Electrical and
Computer Engineering.

Research Challenges for the Semiconductor Industry

Thursday, February 19, 2009

3:00 p.m.

Fowler Hall
Stewart Center

Reception immediately following

Part of National Engineers Week

Steven Hillenius is a nationally recognized expert in semiconductor devices and processing. In 1996 he was elected to the grade of IEEE Fellow “for contributions to the field of solid-state technology and its applications to integrated circuits”. He has also been involved with the planning and the road mapping for the semiconductor industry for the last decade through his involvement with the Semiconductor Industry Association’s (SIA) International Technology Roadmap for Semiconductors (ITRS), the SIA Technology Strategy Committee and currently in his position at SRC. Dr. Hillenius has published over 70 articles and is a member of Sigma Xi, AAAS and APS. He received a Ph.D. in physics from the University of Virginia, Charlottesville, Va., in 1979.
