

IDEAS FESTIVAL

# WHAT IF?

ARTIFICIAL INTELLIGENCE

## WE LOSE CONTROL OF TECHNOLOGY

FEATURING

**APPLE CO-FOUNDER  
Steve Wozniak**

**6-7 P.M., APRIL 17  
Elliott Hall of Music**

**Moderator: Mung Chiang,  
John A. Edwardson Dean  
of the College of Engineering**

**Doors open at 5:30 p.m. for  
general admission seating**

Widely recognized as a pioneer of the personal computer revolution, Apple co-founder Steve Wozniak is an inventor, engineer, programmer, philanthropist and technology entrepreneur. He will join Mung Chiang, the John A. Edwardson Dean of the College of Engineering, for a wide-ranging discussion on the founding of Apple and on artificial intelligence and his personal vision for the future of technology.
