

# FIRST-YEAR ENGINEERING IS THE LAUNCHPAD

FOR ALL ENGINEERING STUDENTS IN WEST LAFAYETTE

A 30+ credit-hour curriculum prepares students with the knowledge, skills and abilities to be a successful engineering major at Purdue University.

## FIRST-YEAR ENGINEERING CORE CURRICULUM

Specific first-year engineering (FYE) courses are offered in fall, spring and/or summer.

### LEARNING COMMUNITIES (LC)

Bring together groups of students around a topic of interest. Most LCs require students to take common courses across the FYE curriculum.

- Bands and orchestras
- Engineering in the world of AI
- EPICS
- Global Engineering
- The Data Mine - VIP
- Vertically Integrated Projects (VIP)
- Women in Engineering (WiE) Program
