

## PROJECT SUMMARY

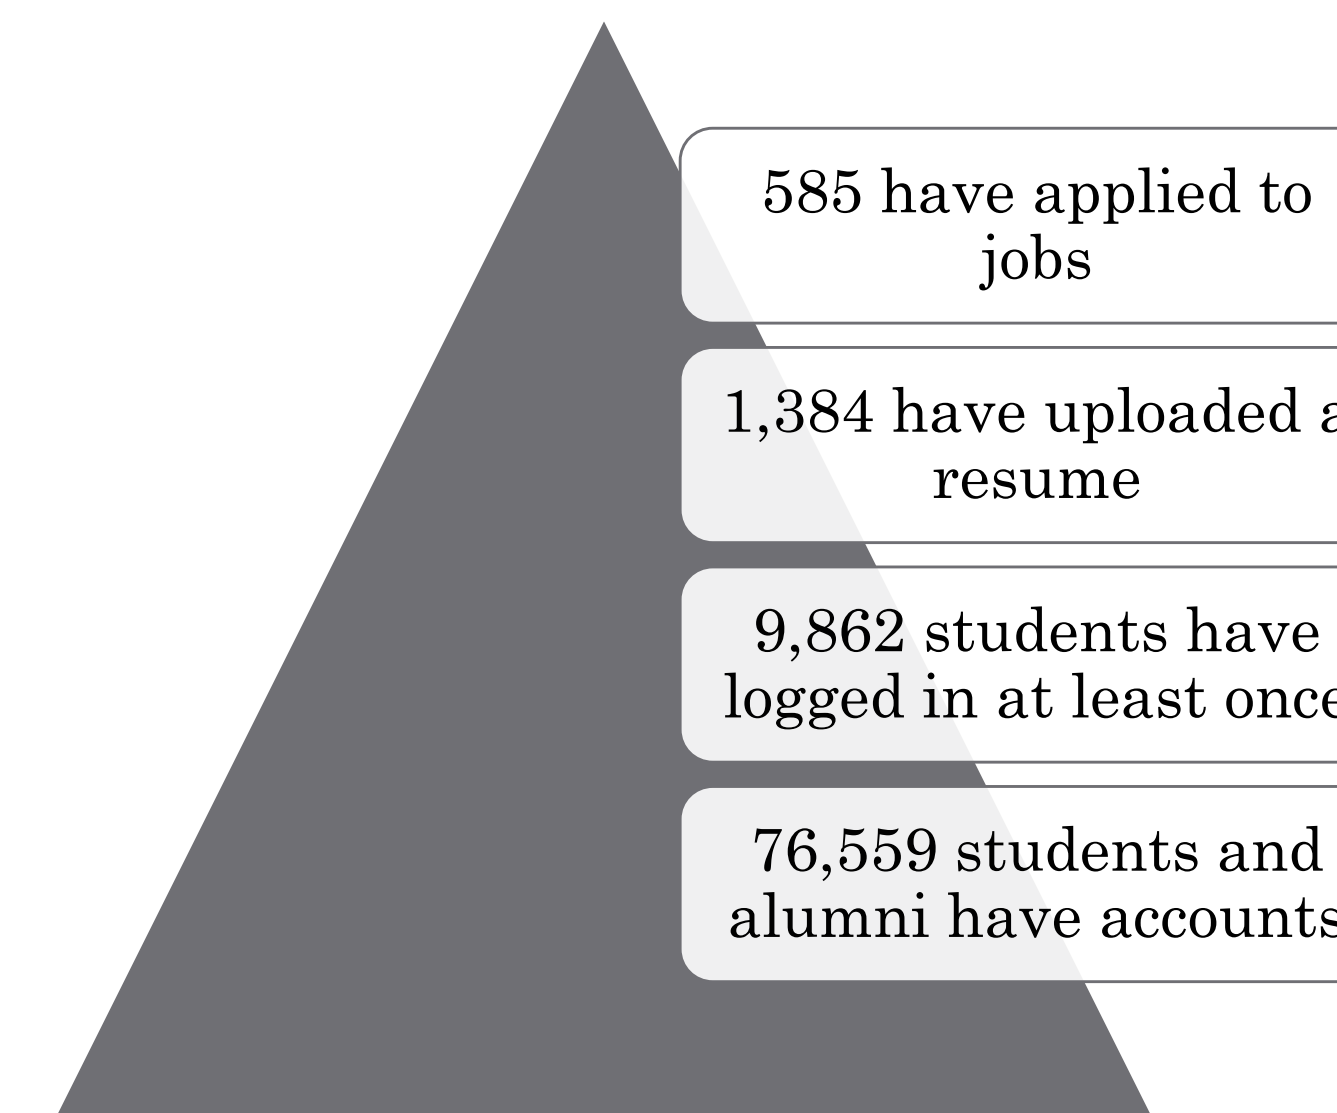

### Project summary

- Developed a unified database system to:
  - Provide students with 'one stop shopping' for experiential learning opportunities
  - Provide data collection and reporting on experiential learning to programs, schools, and colleges
  - Provide programs with a platform to manage students, partners, events, etc.

## PROJECT IMPACT

### Project impact

#### Programs with Opportunities Posted

- EPICS
- VIP
- Co-Op
- GEARE
- Study Abroad
- EURO

#### Colleges and Programs with Admin Users

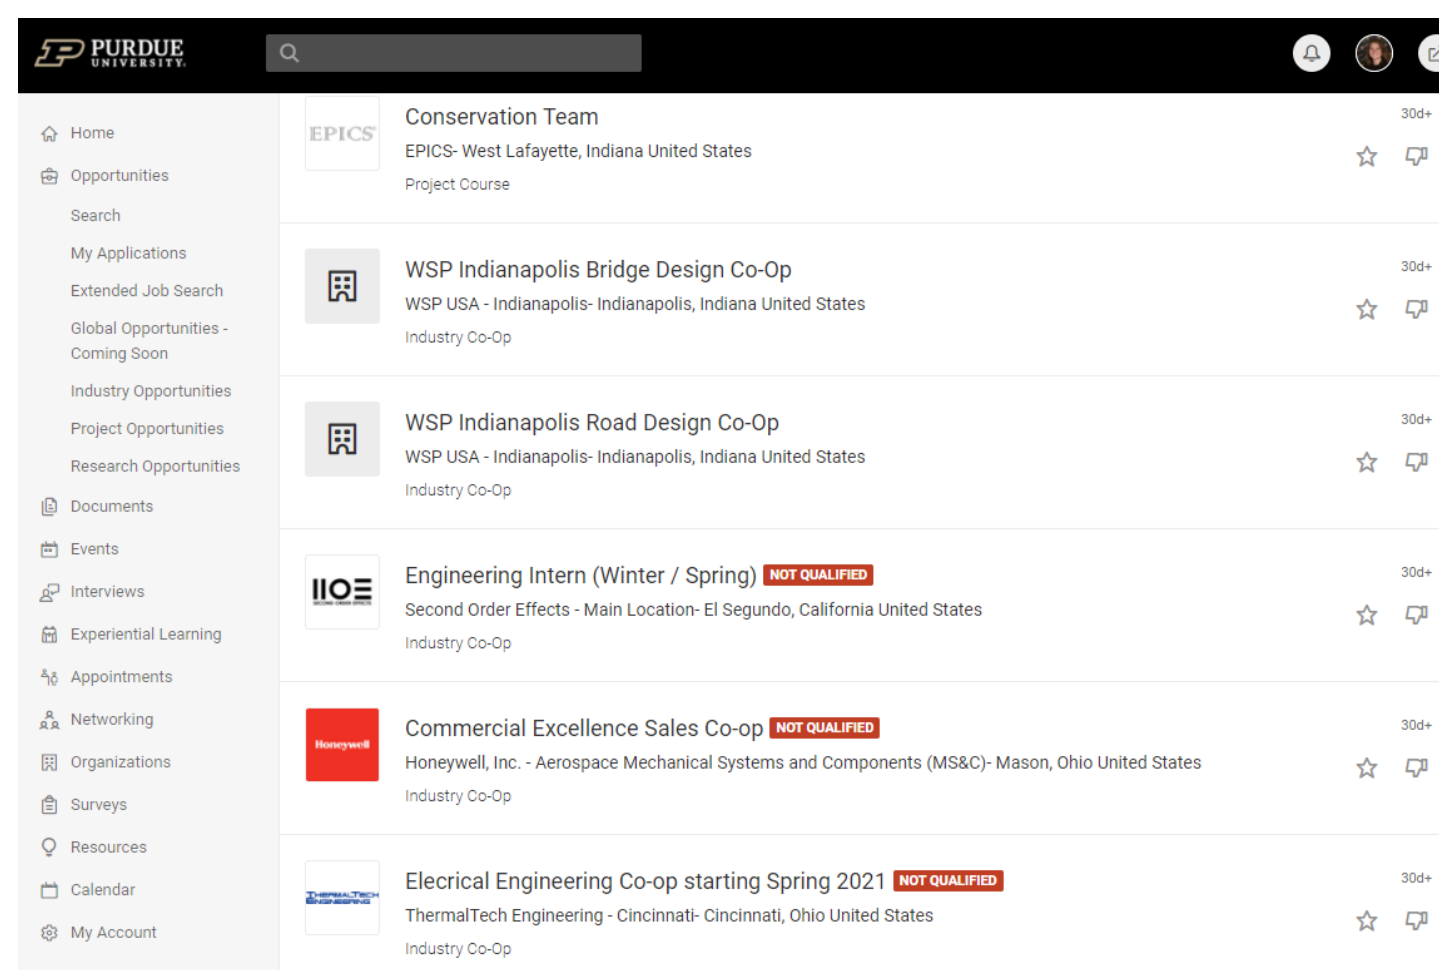

- All programs from left column
- All Engineering Schools
- Polytechnic
- Liberal Arts
- Nursing
- Krannert
- Health and Human Sciences
- Science

## PROJECT DETAILS

### Project details

#### Student records management

- Experiential Learning records
- Curricular, Extra- and Co-Curricular

Work Term	Last Name	First Name	Employer	Opportunity Title	Experiential Learning Type
2019 - Fall			EPICS	Team Member	Project Course
2020 - Fall			HNTB Corp. - Indianapolis	Co-op Engineer	Industry Co-Op
2020 - Spring			EPICS	Team Member	Project Course
2020 - Spring			EPICS	Webmaster	Project Course
2021 - Summer			HNTB Corp. - Indianapolis	Co-op Engineer	Industry Co-Op
2022 - Fall			HNTB Corp. - Indianapolis	Co-op Engineer	Industry Co-Op
2022 - Spring			HNTB Corp. - Indianapolis	Co-op Engineer	Industry Co-Op
2023 - Summer			HNTB Corp. - Indianapolis	Co-op Engineer	Industry Co-Op
