

Hwangbo Bae

Overview Research experience of applying rigorous qualitative methods to explore engineering students' career preparation, leadership development, and out-of-class activities.
Active participation in professional conferences to exhibit research and expand scholarly networks
Research interests in preparing future civil engineers with sufficient skills and knowledge and retaining construction professionals by uncovering organizational, interpersonal, intrapersonal factors

EDUCATION	University of Florida , Gainesville, Florida Ph.D. Civil and Coastal Engineering Virginia Tech , Blacksburg, Virginia	Aug 2019 ~ Dec 2022 (expected)
	M.S. Civil Engineering Construction Eng. & Management	Jan 2018 ~ Aug 2019
	B.S. Civil Engineering Land Development & CEM	Aug 2011 ~ Dec 2017

ACADEMIC EXPERIENCE

- Research Assistant, *Leadership in Construction* (SRL) Jan 2018 ~ Present
- Find relationship between construction safety and workers competencies
 - Build responsibility on given tasks and develop authorship of the project
 - Develop communication skills and take critical notes in team discussion
- Research Assistant, *Environmental Biotechnology & Bioenergy* Lab (Jason He Ph.D.),
- Treated waste water with Microbial Fuel Cells (MFC) Mar 2014~ Aug 2014
 - Scaled up MFC system for wastewater treatment
 - Analyzed chemical activities in wastewater before/after treatment

GUEST LECTURES

Delivered a presentation in Safety Hazards in Construction at Virginia Tech, 2018

- Safety Climate and Safety Culture

Delivered guest lectures in Civil Engineering Operations 1 course at the University of Florida, 2021

- The New Role of the Project Manager
- Leadership in Project Planning
- Decision Making in Project Execution
- Develop and Maintain Motivations on the Project Management

PROFESSIONAL EXPERIENCE

Artillery Sergeant, *Republic of Korea Marine Corps.*, April 2015 ~ Jan 2017

- Led a crew of 9 people without any injuries and fatalities
- Trained "Double Dragon" war-simulated activity with US Marine Corps.
- Equipped with adept skills in learning new technologies as did in running K-55 (155mm Self Propelled Howitzer)

Parking Assistant, *E-Mart*, Gimhae, Korea, Dec 2014 ~ March 2015

- Managed the parking service for shoppers to direct available spots in busy hours
- Prioritized safety through identifying potential threats to shoppers
- Executed leadership in building positive relationship with managers and coworkers

Volunteer at Orphanage (Teacher), *Bangjuwon*, Gimhae, Korea Summer 2008, 2009

- Managed to respect different perspectives of people
- Interacted with 20 sponsors to motivate and encourage the charity for orphans
- Organized weekly schedules with 15 children for up-coming lectures

Const. Labor, *Changwon Elementary School*, Changwon, Korea Summer 2009, 2010

- Transported heavy materials using crane with assistance from foreman
- Demolished old classrooms and bathrooms with diligent workers
- Rebuilt them and painted with eco-friendly chemistry
