

GLOBAL ENGINEERING AMBASSADOR PROGRAM

PURDUE
UNIVERSITY

Are you interested in earning a travel grant to be used towards a study abroad program or a professional development conference?

Consider becoming a GEP Ambassador for 2018-2019 School Year!

Qualifications:

- Applicant must be a registered graduate or undergraduate student at the Purdue West Lafayette Campus.
- Individuals holding B-1 or B-2 Visas are prohibited from volunteering in any capacity at the University.
- Applicant must be in academic good standing.
- Applicant must have good communication skills.
- Applicant must have professional appearance and conduct.
- Applicant must have an interest in global programs.

Expectations:

- Attend a GEP Ambassador Orientation/Training in August 2018
- Assist in class visits and in the GEP Office when necessary
- Present at prospective student fairs
- Assist international visitors
- Help with other GEP-hosted events such as the I²D Expo

Ambassadors participating in a minimum of 10 events during the fall 2018 semester will be awarded a \$250 travel grant to be applied to a study abroad program or to a conference for professional development (activity must be approved by GEP). Ambassadors may earn additional travel grant funds at a prorated amount for each additional event above the minimum requirement. Travel grants may be saved until you choose to use them for a study abroad or professional development program. Applications will continue to be accepted until positions are filled.

To apply, please email your resume and cover letter to [gpe@purdue.edu](mailto:gep@purdue.edu)

Applications are open now and close April 27, 2018

EXPAND YOUR WORLD
GLOBAL ENGINEERING PROGRAMS

The Office of Global Engineering Programs forges international partnerships to connect Purdue students, faculty and alumni with opportunities for impact.
