

PURDUE HIVE

HUB FOR INNOVATION, VENTURES, AND ENTREPRENEURSHIP

OUR HIGHLIGHTS

PURDUE HIVE IS TAKING SHAPE!

Summer construction is on track as we prepare for Fall 2026! We're excited to welcome students, colleagues, and partners to Purdue HIVE when our doors open on August 24 for our soft launch.

Stay tuned for more as we bring the newly transformed space to life!

THE BUZZ ABOUT PURDUE HIVE

Purdue Engineering recently featured Purdue HIVE and the vision behind creating a dedicated space where student founders can connect, collaborate, and build.

The article highlights how HIVE will bring together students, mentors, alumni, and campus partners to strengthen Purdue's entrepreneurship community and help turn ideas into real-world impact.

OUR FIRST HIVE COHORT IS HERE!

With **90 applications** for our inaugural cohort, the excitement around Purdue HIVE is already buzzing! We're thrilled to welcome our first group of student founders and can't wait to see what they build, learn, and accomplish together.

Come visit Purdue HIVE to connect with our student founders and see what they're building this fall.

Hot Desking

BHEE 280

New exterior signage, AV equipment, carpet, furnishings, flooring, and hot-desking space are just a few of the finishing touches now in place as we continue to prepare to open our doors this fall.

COME BE PART OF THE HIVE

SHARE YOUR EXPERIENCE. MAKE CONNECTIONS. INSPIRE WHAT'S NEXT.

Purdue HIVE is more than a space. It's a growing community where students are actively building ventures, testing ideas, and turning innovation into impact. We're inviting alumni, entrepreneurs, faculty, and friends of Purdue to be part of that journey.

There are many ways to get involved. Share your expertise as a mentor, join us as a guest speaker, lead a workshop, or

engage directly with student founders to learn about the ideas they're developing.

Whether you're looking to give back, stay connected to Purdue, or explore new collaborations, HIVE offers meaningful ways to engage with students.

We also welcome visitors! Stop by to see the space, meet our student founders, and experience firsthand the energy of entrepreneurship at Purdue.

Interested in getting involved or scheduling a visit? **Reach out to [Jessica Jud](#)** to connect and learn more.

A pretty great view from Purdue HIVE, and an even better place to connect with Purdue's student founders.
