WHAT TO WEAR:

When packing for the seminar, please take local weather into account. July is the warmest month of the year in Indiana, with the average temperatures ranging from low 80's to high 90's, and 60-80% humidity. Casual clothing will be acceptable for the classroom setting, however, students will be off-site for some activities (industry and departmental tours). For off-site activities, **long pants, closed toed/heel shoes** and socks are required. You will also need a comfortable pair of walking shoes.

- Please see packing recommendations included in the STEP Handbook; if you have questions, feel free to reach out to Melissa Hale at step@purdue.edu.

ACCOMMODATIONS:

All participants will be housed in university residences. Females and males will be housed on separate floors of the residence hall. Male campers are prohibited from entering female floors, and female campers are prohibited from entering male floors. Students will be under the supervision of STEP Residential Staff interns throughout their stay, and will be required to adhere to a fixed schedule of classroom and program activities. Violation of these rules will result in immediate suspension from the program, and parents will be asked to make prompt arrangements for their child to leave campus.

Unless they are participating in a supervised activity, all youth program participants must be in their assigned university residence no later than 11:00 p.m. and in their assigned room no later than 12:00 midnight unless directed otherwise by program staff. STEP Residential Staff members will perform nightly security rounds on all floors at 12:00 pm, 12:30 am, 1:00 am, 2:00 am, and 2:30 am, and Residential Staff will be accessible at any time there is a youth participant in the university residence. Rooms in the university residences where STEP participants are housed ARE air conditioned. All bed linens, towels and washcloths are provided, but participants may wish to bring an extra blanket in case the room is cooler overnight. Towels and washcloths can be exchanged daily. Prompt attendance at all sessions during the STEP program is mandatory.
