TO: The Engineering Faculty

FROM: The Faculty of the School of Mechanical Engineering

RE: ME 49600 Experimental Courses

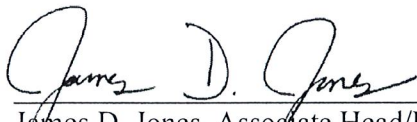

The Faculty of the School of Mechanical Engineering has approved the following course for a permanent course number. This action is now submitted to the Engineering Faculty with a recommendation for approval.

ME 49600 Experimental Courses

Sem. 1, 2, S, Class: Variable, Lab: Variable, Cr 0-6cr, Prerequisites/Co-requisites: Varies and will be prescribed at the time of experimental offering.

Experimental classes offered at the junior or senior-level on a temporary basis to test the viability of offering the course on a permanent basis.

Reason: The intent of this course is to provide a mechanism to offer experimental courses at the junior or senior-level separate from project or research-based experiences to allow for easier tracking of course enrollment trends. These courses can typically count for technical elective credit.

James D. Jones, Associate Head/Professor
School of Mechanical Engineer

Approved for the faculty of the Schools
of Engineering by the Engineering
Curriculum Committee
