RE: Requisite change to ME 43300 - Principles of Turbomachinery

The Faculty of the School of Mechanical Engineering has approved the following requisite changes to ME 43300. This action is now submitted to the Engineering Faculty with a recommendation for approval.

Requisite change:

FROM:

Corequisites: ME 30800

Prerequisites: Undergraduate level ME 20000 Minimum Grade of D- or Undergraduate level AAE 33300 Minimum Grade of D- [may be taken concurrently]

TO:

Prerequisites: Undergraduate level ME 30800 Minimum Grade of D- [may be taken concurrently] or Undergraduate level AAE 33300 Minimum Grade of D- [may be taken concurrently]

Reasons:

- (i) The students who have already taken ME 30800 are unable to register for ME 43300 because it is classified as a corequisite only.
- (ii) ME 20000 is a pre-requisite for ME 30800. Therefore, it is not needed in the list of prerequisites.

James D. Jones, Associate Professor and Associate Head
School of Mechanical Engineering
