

Engineering Faculty Document No. 13-20
Date: 10/26/2020

TO: The Faculty of the College of Engineering
FROM: Construction Engineering and Management
RE: CEM 29700

The faculty of the Construction Engineering and Management (CEM) has approved the following new course. This action is submitted to the Engineering Faculty with a recommendation for approval.

CEM 29700 – Experimental Course

Sem. 1, 2, S; Class: Variable title, variable credit 0 – 6; Pre/Co-requisites: Will vary and will be prescribed at the time of the offering

Course Description

Undergraduate topics in Construction Engineering and Management, experimental classes offered at the undergraduate level on a temporary basis to test the viability of offering the course on a permanent basis.

Reason

The intent of the course is to provide a mechanism for experimental courses to be taught at the undergraduate level. Courses will be vetted and monitored by the CEM curriculum committee.
