INTEROFFICE MEMORANDUM

**To:** The Faculty of the College of Engineering  
**From:** The School of Aeronautics and Astronautics  
**Date:** August 17, 2018  
**Re:** Fast Track EFD 14-19 – AAE 25100 Introduction to Aerospace Design

---

**Course: AAE 25100 Introduction to Aerospace Design**

Sem. 1, 2; Lecture 3, cr. 3

Undergraduate level ENGR 13200 Minimum Grade of D- or ENGR 14200 Minimum Grade of D- or ENGR 16200 Minimum Grade of D- or EPCS 12100 Minimum Grade of D- and Undergraduate level CGT 16300 Minimum Grade of C- [may be taken concurrently, Undergraduate level CS 15900 Minimum Grade of C- [may be taken concurrently] or CS 17700 Minimum Grade of C- [may be taken concurrently] or CS 18000 Minimum Grade of C- [may be taken concurrently] and Undergraduate level AAE 20000 Minimum Grade of S [may be taken concurrently]

**Reason:** CGT 16300 is already a pre-req to AAE 25100. Adding it as a concurrent pre-req will ensure that students have the necessary knowledge by the end of the semester (when they need it for AAE 25100) and will allow students more flexibility in meeting degree requirements and graduating on time.
