TO: The Faculty of the College of Engineering
FROM: The School of Chemical Engineering
RE: Expiration of Existing Undergraduate Course, CHE 49801

The faculty of the School of Chemical Engineering has approved the deletion of the following course. This action is now submitted to the Engineering Faculty with a recommendation for approval.

CHE 49801 Undergraduate Honors Thesis Research I
Credit Hours: 3.00.

Individual research projects for students completing an honors designated undergraduate thesis. Requires prior approval of, and arrangement with, a faculty research advisor. Permission of instructor required. Typically offered Fall Spring Summer.

REASON: It is no longer necessary to have both CHE 49800 Undergraduate Thesis Research I and CHE 49801 Undergraduate Honors Thesis Research since all honors options (Honors College and ChE Departmental Honors) have incorporated the thesis component as a requirement of the honors curriculum.
