RE: New Course: EEE 39699, Professional Practice Internship

The Academics Committee of the Division of Environmental and Ecological Engineering has approved the following new courses. This action is now submitted to the Engineering Faculty with a recommendation for approval.

**EEE 39699 Professional Practice Internship**

Sem. 1, 2, or 3, Experiential, cr. 0.
Restrictions: Professional Practice students only, Permission of department required.
May be repeated.

One-session professional experience in environmental and ecological engineering. Program coordinated by EEE with cooperation of participating employers and the Office of Professional Practice. Students submit summary report and company evaluation.

**Reason:**
The creation of this course will allow students in the BSEE program to participate in the Internship Program, as administered by the Office of Professional Practice. The course number and title are consistent for analogous Professional Practice courses throughout the College of Engineering.

**Learning Objectives:** Students completing this course will: (1) apply knowledge to identifying and solving problems in the professional engineering context; (2) advance skills related to professional preparation, critical thinking, problem solving, communication, and teamwork; and (3) increase understanding of the engineering profession and practice, basic engineering principles, and principles and practice of ethical responsibility in professional work.
