

TO: The Engineering Faculty

FROM: The Faculty of the School of Agricultural and Biological Engineering

DATE: October 1, 2009

RE: New course numbered ABE 39699

The faculty of the School of Agricultural and Biological Engineering has approved the following new course. This action is now submitted to the Engineering Faculty with a recommendation for approval.

ABE 39699 Professional Practice Internship

Sem 1, 2, and SS. Credits: 0

Restriction: Departmental approval required. May be repeated for credit.

To obtain professional practice with qualified employers within industry, government, or small business.

REASON: This course will be taken by students participating in internships through Purdue's Office of Professional Practice Program. The numbers was selected to maintain consistency in the course number and title for Professional Practice internship courses throughout all disciplines that currently participate in the Professional Practice Program. . Participants from the Department's two programs (Biological and Food Process Engineering; Agricultural and Natural Resource Engineering) will be distinguished by assignment of instructors from the respective programs.
