
INTEROFFICE MEMORANDUM

To: The Faculty of the College of Engineering
From: The School of Aeronautics and Astronautics
Date: October 4, 2019
Re: Fast Track EFD 25-20 –Removing AAE 20000 as co-req to AAE 25100

From: AAE 25100 Introduction to Aerospace Design

Credit: 3 Offered Spring and Fall

Prerequisites:

(Undergraduate level ENGR 13200 Minimum Grade of D- or Undergraduate level ENGR 14200 Minimum Grade of D- or Undergraduate level ENGR 16200 Minimum Grade of D- or Undergraduate level EPCS 12100 Minimum Grade of D-) and Undergraduate level CGT 16300 Minimum Grade of C- [may be taken concurrently] and (Undergraduate level CS 15900 Minimum Grade of C- [may be taken concurrently] or Undergraduate level CS 17700 Minimum Grade of C- [may be taken concurrently] or Undergraduate level CS 18000 Minimum Grade of C- [may be taken concurrently]) and Undergraduate level AAE 20000 Minimum Grade of S [may be taken concurrently]

TO: Remove the following from the above pre-reqs -

Undergraduate level AAE 20000 Minimum Grade of S [may be taken concurrently]

Reason: AAE is no longer requiring AAE 20000 as a co-requisite to AAE 25100. This update will assist in maintaining proper course sequencing for both current AAE students and prospective Transition to Major (T2M) students.

William A. Crossley

William A. Crossley, J. William Uhrig and Anastasia Vournas Head of the School of Aeronautics and Astronautics, and Professor of Aeronautics and Astronautics
