

To: The Faculty of the College of Engineering
From: School of Materials Engineering
Subject: New Graduate Course, MSE 69600 Graduate Professional Practice

The faculty of the School of Materials Engineering has approved the following new course. This action is now submitted to the Engineering faculty with a recommendation for approval.

MSE 69600
Sem.All, Experiential, cr.0

Course description: Professional practice in Industry.

Reasons: There is a need for graduate students to participate in internships and similar opportunities while retaining full-time student status.

A handwritten signature in black ink, appearing to read 'David Bahr', with a long horizontal line extending to the right.

David Bahr, Head, School of Materials Engineering

Syllabus: MSE 696

Students should have a definite offer of internship (coop, etc.), and confirm with their advisor that the experience offers sufficient benefits to justify absence from their thesis work venue, as far ahead of time as is practical.

Timeline:

ASAP: registration for Professional Practice

As arranged: appearance at Profession Practice worksite(s)

Monday of Final Exam week: delivery of Final Report work summary to advisor
