

TO: The Faculty of the College of Engineering
FROM: The Division of Environmental and Ecological Engineering
SUBJECT: Curriculum Changes - Environmental and Ecological Engineering Plan of Study

The Faculty of the Division of Environmental and Ecological Engineering has approved the following changes to the curriculum for Environmental and Ecological Engineering. This action is now submitted to the Engineering Faculty with a recommendation for approval.

No changes are proposed to the requirements for meeting the University Foundational Outcomes. The proposed changes are as follows:

From:

1. Students must take additional approved courses to reach the minimum requirement of 24 credit hours, selected as follows:
 - o All courses approved by the University Core Council as meeting a Foundational Learning Outcome (<http://www.purdue.edu/provost/initiatives/curriculum/course.html>).
 - o Courses must be drawn from those offered by the departments of Agricultural Economics, Speech, Language, and Hearing Sciences, Child Development and Family Studies, Communication, Economics, English, Entrepreneurship, Foreign Languages and Literatures, History, Interdisciplinary Studies, Management, Philosophy, Political Sciences, Psychological Sciences, Sociology and Anthropology, Visual and Performing Arts. Any course offered by these departments is allowable, provided that it is open to students in the offering department and is not focused primarily on professional training, natural science or mathematics.

To:

1. Students must take additional approved courses to reach the minimum requirement of 24 credit hours, selected as follows:
 - o All courses approved by the University Core Council as meeting a Foundational Learning Outcome (<http://www.purdue.edu/provost/initiatives/curriculum/course.html>).
 - o Courses must be drawn from those offered by the departments of Agricultural Economics, Speech, Language, and Hearing Sciences, Child Development and Family Studies, Communication, Economics, English, Foreign Languages and Literatures, History, Interdisciplinary Studies, Philosophy, Political Sciences, Psychological Sciences, Sociology and Anthropology, Visual and Performing Arts. Any course offered by these departments is allowable, provided that it is open to students in the offering department and is not focused primarily on professional training, natural science or mathematics.

Reason: The EEE General Education Program is being modified to satisfy both the University Foundational Learning Outcomes Requirements and to provide a substantial Liberal Arts component to the EEE degree.

John W. Sutherland, Head
Division of Environmental and Ecological Engineering
