FROM: The Faculty of the School of Mechanical Engineering

RE: ME 46300 Changes in Prerequisites

The Faculty of the School of Mechanical Engineering has approved the following change in ME 46300. This action is now submitted to the Engineering Faculty with a recommendation for approval.

From:

ME 46300 Engineering Design

3 credits

Prerequisites:

Undergraduate level [ME 31500](#) Minimum Grade of D- and Undergraduate level [ME 35200](#) Minimum Grade of D- and Undergraduate level [ME 37500](#) Minimum Grade of D-

To:

ME 46300 Engineering Design

3 credits

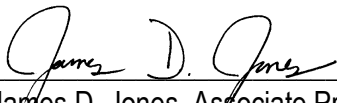

Prerequisites:

Undergraduate level [ME 31500](#) Minimum Grade of D- and Undergraduate level [ME 35400](#) Minimum Grade of D- and Undergraduate level [ME 37500](#) Minimum Grade of D-

Concurrent Prerequisites:

Undergraduate level [ME 35401](#) Minimum Grade of D-

Reason: A change in the ME core curriculum (removal of ME 35200 as a prerequisite and the addition of ME 35400 in its place as a prerequisite and ME 35401 as a concurrent prerequisite) necessitated this change in the prerequisites list for ME 46300.

James D. Jones, Associate Professor and Associate Head
School of Mechanical Engineering
