RE: ME 513 Course Description Changes

The Faculty of the School of Mechanical Engineering has approved the following editorial changes in course description effective Spring Semester 2001. This action is now submitted to the Engineering Faculty with a recommendation for approval.

FROM:
ME 513 Engineering Acoustics Sem. 1. Class 3, cr. 3 (el.). Prerequisite: senior standing or consent of instructor.

TO:
ME 513 Engineering Acoustics Sem. 1. Class 3, cr. 3. Prerequisite: senior standing or consent of instructor.

REASON: The updated description more accurately describes the current content of the course. The changes are largely editorial with some slight changes in emphasis because of the evolution of the course. Also, due to administrative responsibilities of Professor Bernhard, Professor Mongeau is the other faculty member who now teaches ME 513. The elective course designation "(el.)" will also be deleted because it is inconsistent with the rest of the Undergraduate Catalog.

APPROVED FOR THE FACULTY
OF THE SCHOOLS OF ENGINEERING
