

TO: The Engineering Faculty
FROM: The Faculty of the School of Mechanical Engineering
RE: Requisite Changes to Hybrid Vehicle Systems Certificate

The Faculty of the School of Mechanical Engineering has approved the following requisite changes to a graduate certificate. This action is now submitted to the Engineering Faculty with a recommendation for approval.

Requisite Change for Hybrid Vehicle Systems Certificate

Underline the changes to be made.

FROM:
ECE 51018 Hybrid Electric Vehicles
MSE 59700 Rechargeable Batteries
The certificate is not currently set up to be offered to online students.

TO:
ECE 51018/ME 59700 Hybrid Electric Vehicles
MSE 59700/MSE 57700 Rechargeable Batteries
Add: Online students can complete the certificate.

RATIONALE:

ME 59700 is cross listed with ECE 51018 so students should be able to take either course to qualify toward the certificate requirements. MSE 57700 is the new permanent course number for MSE 59700 Rechargeable Batteries as confirmed by MSE. Courses are now available online to meet certificate requirements and we've had online student interest in completing the certificate, so we're adding the option for online students to complete the certificate.

Eckhard A. Groll

William E. and Florence E. Perry Head of the School of Mechanical Engineering
