RE: New Graduate Course, AAE 59700 Special Topics in Aerospace Engineering

The faculty of the School of Aeronautics and Astronautics have approved the following new course. This action is now submitted to the Engineering Faculty with a recommendation for approval.

Course no. **AAE 59700 Independent Study in Aerospace Engineering**
Sem: Spring, Summer, Fall, Cr. 0 – 6, Permission of Instructor

Description: Projects or special topics of contemporary importance or of special interest that are outside the scope of the standard graduate curriculum can be studied under the Special Topics in Aerospace Engineering course. Interested students should seek a faculty advisor by meeting with individual faculty members who work in their area of special interest and prepare a brief description of the work to be undertaken in cooperation with their advisor.

Reason: AAE 59700 will be easily distinguished from AAE 59000 courses on an academic transcript.
