

Engineering Faculty Document No. EFD 73-24 February 7, 2024 Page 1 of 1

Memorandum

- To: The Faculty of the College of Engineering
- From: The School of Aeronautics and Astronautics
- Date: February 7, 2024
- Re: Fast track EFD AAE 25100 updating pre-requisite minimum grade requirement
- Courses: AAE 25100 Introduction to Aerospace Design

(Undergraduate level ENGR 13200 Minimum Grade of C- or Undergraduate level ENGR 14200 Minimum Grade of C- or Undergraduate level ENGR 16200 Minimum Grade of C- or Undergraduate level ENGR 13000 Minimum Grade of C- or Undergraduate level EPCS 12100 Minimum Grade of C- or Undergraduate level VIP 17912 Minimum Grade of C-) and (Undergraduate level CGT 16300 Minimum Grade of C- [may be taken concurrently] or Undergraduate level MFET 16300 Minimum Grade of C- [may be taken concurrently]) and (Undergraduate level CS 15900 Minimum Grade of C- [may be taken concurrently] or Undergraduate level CS 17700 Minimum Grade of C- [may be taken concurrently] or Undergraduate level CS 18000 Minimum Grade of C- [may be taken concurrently] or Undergraduate level CS 18000 Minimum Grade of C- [may be taken concurrently] or Undergraduate level CS 18000 Minimum Grade of C- [may be taken concurrently] or Undergraduate level CS 18000 Minimum Grade of C- [may be taken concurrently])

- Change to: (Undergraduate level ENGR 13200 Minimum Grade of C- or Undergraduate level ENGR 14200 Minimum Grade of C- or Undergraduate level ENGR 16200 Minimum Grade of C- or Undergraduate level ENGR 13000 Minimum Grade of C- or Undergraduate level EPCS 12100 Minimum Grade of C- or Undergraduate level VIP 17912 Minimum Grade of C-) and (Undergraduate level CGT 16300 Minimum Grade of D- [may be taken concurrently] or Undergraduate level MFET 16300 Minimum Grade of D- [may be taken concurrently]) and (Undergraduate level CS 15900 Minimum Grade of C- [may be taken concurrently] or Undergraduate level CS 17700 Minimum Grade of C- [may be taken concurrently] or Undergraduate level CS 18000 Minimum Grade of C- [may be taken concurrently] or Undergraduate level CS 18000 Minimum Grade of C- [may be taken concurrently] or Undergraduate level CS 18000 Minimum Grade of C- [may be taken concurrently] or Undergraduate level CS 18000 Minimum Grade of C- [may be
- **Reasons**: Because students can take CGT16300/MFET16300 concurrently with AAE25100, situations arise where students must pass CGT16300/MFET16300 with a C- if they take it before AAE251, but only need a D- if they take it concurrently. This change resolves that discrepancy.

William A. Crossley, Ph.D.

J. William Uhrig and Anastasia Vournas Head of Aeronautics and Astronautics,

and Professor of Aeronautics and Astronautics
