RE: MSPE 29701 Motorsports Introduction to Modeling Prerequisite Change

The Faculty of the School of Mechanical Engineering has approved the following change. This action is now submitted to the Engineering Faculty with a recommendation for approval.

From:
Prerequisites:
None

To:
Co-requisites:
ME 27000 Basic Mechanics I

Reason: MSPE 29701 was taught during the second semester and was predominately enrolled by the freshman student body of MSPE. The new MSPE plan of study moved the course to the fourth semester to remove the class from the freshman year. Offering the class during the fourth semester allows the faculty to expand the material in the course to include principles being concurrently taught in ME 27000 Basic Mechanics I.
