

TO: The Engineering Faculty
FROM: The Faculty of the School of Electrical and Computer Engineering
RE: Changes in ECE 396

The faculty of the School of Electrical and Computer Engineering has approved the following course changes. This action is now submitted to the Engineering Faculty with a recommendation for approval.

From:

ECE 396 Industrial Practice Seminar I
Sem. 1 and 2. SS. Class 1, cr. 1. For cooperative program students only.
Prerequisite: ECE 393

Solution of electrical engineering problems, with special emphasis on current industrial experience obtained through the cooperative education program.

To:

ECE 396 Industrial Practice Seminar
Sem. 1 and 2. Class 1, cr. 1. (May be repeated once for credit.)
Prerequisite: Junior or Senior standing and one of ECE 393, ECE394, ECE 395 or ECE 496I.

A special seminar for cooperative education and curricular practical training students.

Reason: The *Industrial Practice Seminars* give our students an opportunity to earn an academic credit for industrial work experience. This course will incorporate ECE 397, *Industrial Seminar II*, and ECE 398, *Industrial Seminar III*, which are identical with ECE 396.

Mark J. T. Smith
Professor and Head
