Re: New Graduate Level Course

The faculty of the Department of Engineering Education has approved the following new graduate ENE course. This action is now submitted to the Engineering Faculty with a recommendation for approval.

ENE 699 Research Ph.D. Thesis

Reason: The Department of Engineering Education (ENE) was recently formed, and is now authorized by Purdue University and the Indiana Commission of Higher Education, to coordinate the education of M.S. and Ph.D. level students in this field. This addition is made to allow research for the Ph.D. Thesis to be undertaken by Engineering Education graduate students.
