

**To:** Faculty of the Schools of Engineering

**From:** Weldon School of Biomedical Engineering

**Subject:** New Undergraduate Level Course

The Faculty of the School of Biomedical Engineering has approved the following new course and submits it for your approval.

**BME 296 Biomedical Engineering Projects.** Sem. 1 and 2. SS. Cr. 1-4. Prerequisite: consent of instructor. (May be repeated for credit.) Student is to be assigned to a research or design project by the supervising faculty member before registering for the course. An approved written report is required.

**Reason:** The School of Biomedical Engineering (BME) was recently formed to coordinate the training of B.S. level students in this field. This course addition is made to allow for projects to be undertaken by students at all levels who are interested in learning about Biomedical Engineering.
