PROJECT Nº 8

AVIATION RUMBLE STRIPS TO ENHANCE AVIATION SAFETY

RESEARCH OBJECTIVES | Construct and empirically evaluate experimental rumble strips to develop design guidelines for using rumble strips at start of enhanced taxiway centerlines

CESSNA 172 FLIGHT, MARCH 20, 2014  (DATA FILES 225 TO 230)

PROJECT 8 – AVIATION RUMBLE STRIPS TO ENHANCE AVIATION SAFETY
PRINCIPAL INVESTIGATORS: Darcy Bullock and Sarah Hubbard, Purdue University
FAA TECHNICAL MONITOR: Donald Gallagher

Cessna 172 Flight, March 20, 2014
