

A decorative graphic on the left side of the slide, consisting of a network of white lines and circles on a blue gradient background, resembling a circuit board or a neural network.

DMACC TTCP FACILITY HISTORY

2000 - PRESENT

2000 PARTNERSHIP WITH IOWA DOT BEGAN

- Memo of Understanding, February 2000
- Began with small number of classes
- Rented available space at the Union Pacific Depot

2001 NEW HOME NEEDED

DEPOT Building

- Not available for long term
- Only 1 classroom and lab
- Challenges of train tracks

Basement of a main street storefront

- It was a solution, although not great
- 2 classrooms and a lab
- Minimal parking

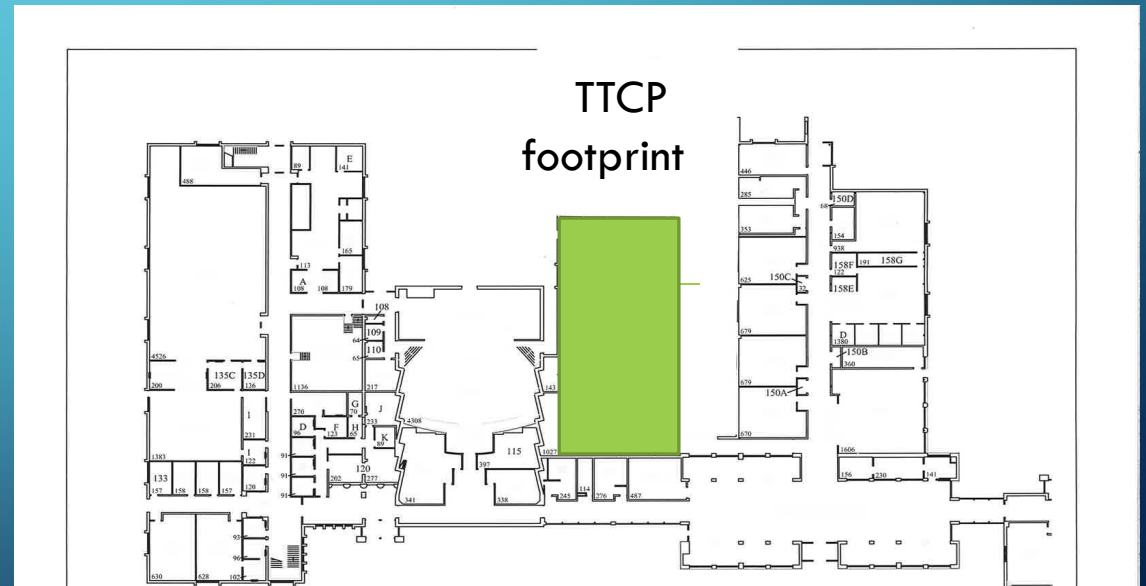

2003 LONGER TERM SOLUTION

- Larger space in an old Hy Vee grocery store (6000 sf)
- Remodeled into 2 large classrooms, conference room, 2 large labs, office spaces, storage, shared bathrooms
- Lots of parking
- Still off campus

DMACC COMMITMENT TO BRING US TO CAMPUS

- 2005, finally let's get on Boone Campus!
- Smaller square footage than prior
- Lost some features in the short term

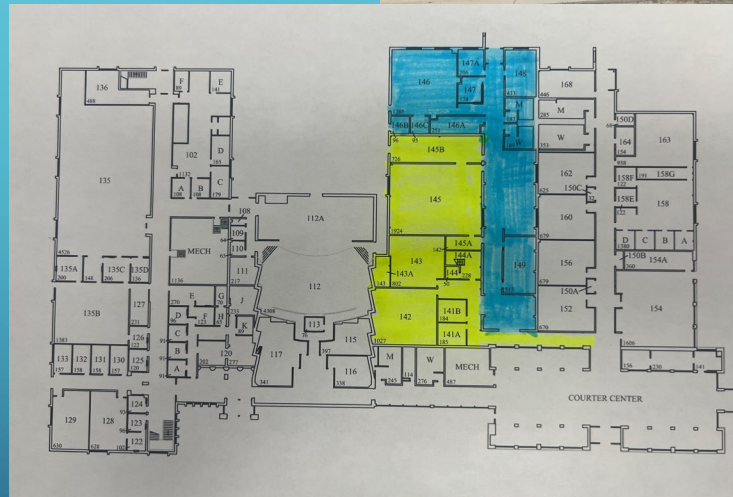

DMACC COMMITMENT TO BRING US TO CAMPUS

- What we still had
- What we lost temporarily
- Red brick walls in wing are old exterior walls

2015 EXPANSION

- FINALLY! Worth the Wait!
- Key Elements
 - Separate Entry
 - 4 classrooms, 2 labs
 - Conference Room
 - Storage
 - Bathrooms

HOW DID WE DO ALL OF THIS?

- Support from DMACC from the beginning
- Business Fund Budget
 - All funds stay within TTCP program
 - 10% administrative fee to DMACC
 - Rollover Business fund, not “use it or lose it” funding
 - **100%** control over the budget
- DMACC \$1M dollar match for 2015 expansion

PLEASE TAKE A TOUR!

- Classroom/Storage doors are open
- Look outside, lab storage and disposal hoppers/trailers
- Ask questions!
