
2015 M-TRAC Trainers Workshop

July 29-30, 2015, Rapid City, SD

Needles Highway Custer State Park

Mount Rushmore National Park

Join us for the 2015 Multi-regional Training and Certification (M-TRAC) Workshop. This workshop provides a unique opportunity for state technical trainers and certification program managers to come together.

Each state provides an overview of their current program as well as new ideas or methods they use for training. FHWA representatives provide an update. The agenda includes opportunities for group discussions on questions that may come up such as state testing requirements or reciprocity.

For more information on M-TRAC click this link: [M-TRAC website](#).

The workshop will be held at the Holiday Inn Rushmore Plaza, 505 North 5th Street. 605-348-4000. A block of rooms under **M-TRAC/ND Dept of Transportation** are available at a rate of \$131 for 2 Queen beds or 1 King bed. A rate of \$141 is available for a Queen suite (2-queen beds plus a sofa sleeper) and \$161 for a 2-bedroom King suite/sofa in living room. www.rushmoreplaza.com

The Holiday Inn provides complementary shuttle service from the airport.

The block of rooms is available through **June 20, 2015**. Please make your reservation early. The Rapid City area is very busy with tourism in the summer and lodging options may be limited or at a much higher rate if you do not make your reservations before the deadline.

The hotel has generously offered to extend the rate 3 days before and 3 days following the conference—**based on availability**.

South Dakota has many scenic areas you may want to visit. Two links for SD Tourism are provided below. Additional information is readily available online.
