

## **Ben M. Hillberry Graduate Scholarship In Mechanical Engineering Announcement**

The Ben M. Hillberry Graduate Scholarship is sponsored by the students and friends of Professor Ben M. Hillberry in honor of his years of dedication to the School of Mechanical Engineering. The scholarship is for ME graduate students with a preference for students studying in biomechanics or materials. Selection of the recipients will be based on academic merit. Each recipient will receive a scholarship of \$4,000. One recipient will be selected for each year.

### Eligibility:

Graduate students studying biomechanics or materials are eligible to apply.

### Selection criteria:

1. Excellent academic achievement.
2. Excellent research performance.

### Application will consist of:

- A resume which indicates study or research interests.
- Up to date transcripts.
- An essay from the student to describe how they meet the above selection criteria.
- A recommendation letter from ME faculty.

Please email your application in one PDF file to [megradoffice@purdue.edu](mailto:megradoffice@purdue.edu) by **the deadline as listed on the ME Grad Blog**. Recommendation letters can be directly emailed to [megradoffice@purdue.edu](mailto:megradoffice@purdue.edu) by faculty, but subject line must specify student and which award applies.
