

Schaufler-Professur für Kälte-, Kryo- und Kompressorentechnik, TU Dresden; Karlsruhe University of Applied Sciences  
Purdue University, Indiana, USA; University of Illinois Urbana-Champaign, USA

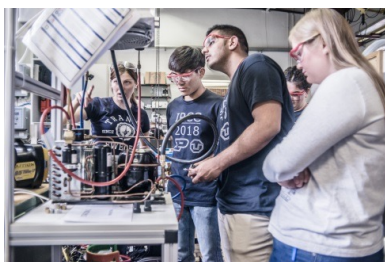

## Summer School 2025

### “International Refrigeration and Compressor Course”

Within the scope of the funded **Summer School** supported by the **SCHAUFLER Academy (Bizter)** we offer excellent preparation for future professionals in an international surrounding while working on global teams.

**German and American students will attend two (2) residential weeks:**

- **May 31 – June 6, 2025** in Dresden, Karlsruhe and Rottenburg (**Germany**)
- **August 10 – 17, 2025** at Purdue and University of Illinois (**USA**)

Lab tutorial @ TU Dresden (IRCC 2018)

In between the residential weeks, students work on a project in **teams** of American and German students via **digital media** and present their findings at Purdue University and University of Illinois, USA!

Discover interesting lectures, excursions and laboratory work in the fields of **thermodynamics, energy utilization and process technology**, investigation of physical properties and environmental protection with the application in **refrigeration** and **compressor** technology!

Participants (IRCC 2019) at Purdue University, West Lafayette IN (USA)

**The number of participants is limited!**

Your application should include a short CV with a picture and a short motivation letter.

**Application deadline is December 6<sup>th</sup>, 2024.**
