Building Emergency Plan

KEY POINTS

For All Emergencies Call...

Nearly 300 Emergency Telephone Systems

EVACUATION ALARM

Leave the building immediately Use nearest emergency exit

Fire Alarm Horn-Strobe

EVACUATION ALARM

Manual Pull Stations

The red fire alarm pull stations will sound an evacuation.

EVACUATION ALARM

FIRE

Go to the Emergency Assembly Area

Primary Location: Purdue Mall outside MSEE Secondary Location: Atrium of MSEE

- From the front and sides of ME,go east up the main sidewalk.
 MSEE will be the building on the left.
- From the rear of ME, go around to the front and turn east to MSEE. MSEE will be the building on the left.

Do not reenter ME until the All Clear has been given by a uniformed officer (Police or Fire)

Basement ME

Basement Gatewood

Ground Floor ME

First Floor Gatewood

First Floor ME

Gatewood Wing

Third Floor ME

Third Floor Gatewood

EVACUATION ROUTES (Hallways)

Hallways must be kept clear, and no items may be placed in the hallway.

(Noncompliance to this policy can cause loss of building access privileges.)

EMERGENCY ASSEMBLY AREA

ALL HAZARDS SIREN

Shelter in Place

ALL HAZARDS SIREN

Go indoors immediately

Determine the cause of the siren using Purdue communications protocols

- Text alerts
- E-mail messages
- Purdue home page

Take appropriate action for the emergency

Emergency Alert Beacon

Located in ME 1061 and 1130

SHELTER IN PLACE TORNADO OR SEVERE WEATHER

Move to a tornado shelter location

Basement, ground, or First floor Away from windows and skylights

Look for this sign:

SHELTER IN PLACE ACTIVE SHOOTER OR CAMPUS VIOLENCE

Interior doors with card swipe entry will lock

Access is with your ME key or Purdue ID

Stay away from glass doors and windows

Remain out of sight of someone outside of the building

Determine your options for escape or concealment

SHELTER IN PLACE ACTIVE SHOOTER OR CAMPUS VIOLENCE

Escape if possible

- If possible while maintaining your safety, leave the area
- Leave belongings behind
- Help others escape, if possible
- Keep your hands visible

If escape is not possible, hide

- Out of view
- Lock and/or barricade entrance

Last resort -take action

Only when your life is in imminent danger

Shelter-in-Place Considerations for Life-Threatening Incidents

This information is designed to encourage building occupants to develop an individual plan based on potential life threatening incidents such as a shooting on campus. Actions should be based on situational awareness. React to Purdue ALERT information as well as what you see and hear in your general area. See EP website for more info

http://www.purdue.edu/emergency_preparedness/

READY Purdue Get Ready...Get Set...Go

Shelter-in-Place Considerations for Life-Threatening Incidents

Sheller in Flace
Get Readybe prepared. A life threatening incident has occurred on the West Lafayette campus; incident location is not near me.

General Actions:

- Follow information sources: Homepage, Twitter @PurdueEmergency, text & email alerts.
- Review your BEP (located on the ME website).
- Notify others of incident.
- Review internal procedures; be ready to implement.
- Plan next steps if incident impacts my area:
 - o Should I get out?
 - o Where will I shelter if needed?

Implement all Get Ready actions.

- If the threat is ongoing or you feel your safety is in jeopardy, implement your department or building specific actions.
- Be ready to get out/escape or shelter in safe area based on situational awareness.

Specific actions based on your location:

- Note that several building doors will lock but are accessible by key or card access.
- Be sure to have your Purdue ID on your person.
- Identify a location that can be barricaded or locked where you can shelter if needed.
- Identify exit paths from the building that will allow you to escape if needed.

Prepare to shelter in place if necessary.

- Prepare to escape if that is best option.
- Shut down any hazardous-material operations.
- Leave laboratories and cleanroom in a safe condition.
- Be sure to have your ID with you.

Go...stay calm and activate your plan. A life threatening incident has occurred on the West Lafayette campus; incident location is **in my building** or I feel my safety is in jeopardy (location of perpetrator is unknown).

Get Set...stay alert; be prepared to

implement your plan. A life threatening

Lafayette campus; incident location is

incident has occurred on the West

near me but not in my building.

Based on situational awareness, immediately:

- Decide if you can escape; if possible get out of the building to a safe location.
- If you can't escape, then shelter in a lockable area and/or a room that you can secure or barricade.
- As an absolute last resort, consider taking action if your safety is in jeopardy

Execute your plan as indicated in General Actions to the left.

AUTOMATED EXTERNAL DEFIBRILLATORS (AEDs)

An AED automatically diagnoses cardiac arrhythmias and corrects them.

AUTOMATED EXTERNAL DEFIBRILLATORS (AEDs)

Located next to elevators on all floors of ME

BUILDING EMERGENCY PLAN

Please read and review the ME Emergency Plan

• This is a review of some key points regarding the plan, but it is important to understand the entire plan

You can find the ME Building Emergency Plan On the Web:

- https://engineering.purdue.edu/ME/InfoFor/BuildingSafety/index.html
- ME Home page => Building Safety => Building Emergency Plans=>ME
- Emergency Planning and Preparedness Office
