3D PRINT LAB

LAB RULES

• You must swipe your own card every time you enter the lab
• You must not allow people to “piggy-back” off your card swipe
• No Food or Drink in the Lab
• You must be a registered M.E. student to have access to this room
• You may not print parts that are:
  o Illegal under state or federal law
  o Weapons
  o Parts you intend on selling
• You must monitor your print, once your print starts, you cannot leave eyesight of the printer
• You must clean your work area and machine when you finish
• You must NOT attempt to use or fix any machine that is damaged
• You must not cut filament while it is still in the printer!
• You must allow yourself adequate time to complete your print
  o If your class starts in 15 minutes, it’s too late to print
  o If you haven’t designed a part and only have 45 minutes to print, choose some other time to print
