- All memberships to be three years except Provisional Level I, which is up to 2 years and ends June 30, 2023
  - Provisional Level I Membership cost = \$20,000 regardless of start date; of which ≤ \$8000 can be “in-kind”
  - Any/All “in-kind” contributions will be approved by the Executive Director of CSEE
- CSEE Meetings & Information: Participation and receipt of semi-annual meeting information & summaries
- Invitation to attend annual MSE Student Night & Sr. Design Poster session in late April (Virtual likely for 2021)
- Project Voting will continue to occur for projects on a regular basis in conjunction with member input
- Project Updates @ Purdue and/or Member site are TBD and dependent upon Purdue visitor/travel guidance.
- License Priority: All CSEE Project IP will be available for licensing with members receiving earlier access.  
(This benefit may be subject to and/or influenced by existing Purdue/Member agreements)
- Equipment Discount: Members receive discounted equipment rates for non-CSEE projects on CSEE/MSE equipment
- Level II & III CSEE Members receive INMaC Benefits which are subject to INMaC/CSEE agreement and may include:
  - IN-MaC Testbed Membership and Networking Opportunities
  - Participation in Industry Workshops
  - Inclusion in IN-MaC Summer Intern Program
- Senior Project Discounts will be effective for “annual” projects which typically begin in August of each year
