

YOUR FUTURE IN FLUID POWER & MOTION CONTROL

The **2026 International Maha Fluid Power Conference and Expo** is coming and companies are looking to hire. We welcome graduate and undergraduate students to get to know these companies in a casual atmosphere. You'll have access to fluid power companies in aerospace, automatize, agriculture and construction markets. More than 10 employers will be in attendance including some Fortune 500 companies. This event is held prior to the Industrial Roundtable, so get a head start in your job search.

Maha Fluid Power Research Center
