

NEIL ARMSTRONG

DISTINGUISHED VISITING PROFESSORS

CELEBRATING 5 YEARS OF EXCELLENCE

The prestigious Neil Armstrong Distinguished Visiting Professors program brings highly accomplished and recognized scholars and practitioners of engineering to catalyze collaborations with faculty and students. They are preeminent in their fields and are typically Fellows of the US National Academies of Science, Engineering, and Medicine. During their visits, the scholars collaborate with Purdue Engineering faculty on research projects and/or broader School or College priorities, including new research directions, industry engagement, on-campus and online educational efforts, increasing diversity and inclusion as well as entrepreneurship.

Ronald Latanision

Edwardson School of Industrial Engineering
and School of Nuclear Engineering
2023-2026

Mordechai Segev

Elmore Family School of Electrical
and Computer Engineering
2021-2026

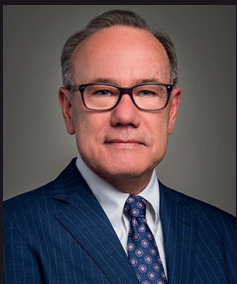

Marcus Weldon

Elmore Family School of Electrical and
Computer Engineering and John Martinson
Entrepreneurial Center
2023-2024

Enrique Iglesia

Davidson School of Chemical Engineering
2019-2023

Randall Poston

Lyles School of Civil and
Construction Engineering
2019-2022

Paul Bevilaqua

School of Aeronautics and Astronautics
2019-2021

Dara Entekhabi

School of Aeronautics and Astronautics
2019-2021

Andrea Rinaldo

Lyles School of Civil and
Construction Engineering
2019-2021

College of Engineering
