

Pharmaceutical Industry Process Safety Conference

P²SAC
Purdue Process Safety & Assurance Center

May 7, 2019

West Lafayette, Indiana

**hosted by
Purdue Process Safety
& Assurance Center**

Registration now on the P2SAC website:
engineering.purdue.edu/P2SAC

Scope

Conference will address process safety related performance and issues in the pharma industry, steps taken to address them, and key challenges. Presentations by AMGEN, GSK, Lilly, Pfizer, Purdue faculty, and more.

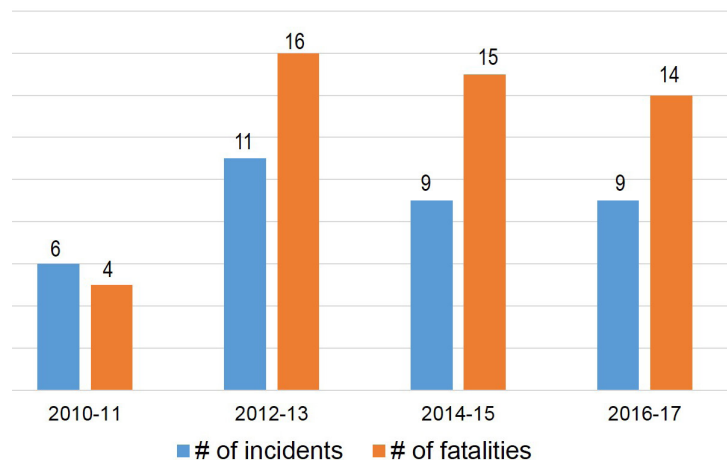

Keynote addresses by:

- Paul McKenzie, EVP Biogen
- Suresh Garimella, EVP Research & Partnerships, Purdue University

Who should attend

Pharmaceuticals, specialty chemical companies, and related engineering and consulting firms.

Global Pharmaceutical Incidents

Additional Information

The Spring 2019 P2SAC conference will follow on May 8, and a separate event on flow assurance on May 9. Participation in all three events is free.

If you have questions about the conference, or are interested in giving a presentation, contact Professor Ray Mentzer at rmentzer@purdue.edu.
