

Purdue Pilots Inc. meeting

October 21, 2009. 7:00 PM. Physics 111

Attendance list is below. Please send corrections to Rick at westerman@purdue.edu

Attendance was sparse tonight. Which may be just as well since the meeting was rather short. President Grayson Steding presided. There was no treasurer's report, no maintenance report (and no squawks either) and no ASOR report. Both planes are about 25 hours from their 100 hour inspections which indicates that they have been flown a lot lately.

Grayson talked about changes to the overnight cross-country form. This form has not been updated since 2003. Questions about personal limits, especially in regards to wind, and parking at the destination have been added. Grayson will make a couple of other changes to the form.

The scheduled speaker was not able to attend. The speaker is from the Aviation Science Research labs which are the white buildings close to runway 23 that we fly over all of the time. We hope to reschedule the speaker for a later date.

The next meeting is Tuesday Nov. 3, 2009. Usual 7:00 in PHYS 111. This meeting will be **our annual meeting where we elect officers** for the upcoming year (January to January). **We need a quorum of at least one-half our members at the meeting** so please plan on attending.

Oct 21, 2009 Attendance roster

..Catalfamo, Michael
Duncan, Scott
Huang, Rosemary
McPherson, Brice
Schmitt, Fabian
Steding, Grayson
Turkstra, Jeff
Westerman, Rick
