

Purdue Pilots Inc. meeting

November 3, 2009. 7:00 PM. Physics 111

Attendance list is below. Please send corrections to Rick at westerman@purdue.edu

This was our annual meeting and we had a quorum of at least one-half our members so that we could conduct business – basically electing officers.

Vice president's report. Peter reported that ASOR is having a fundraising sale (shotglasses, etc.) at the airport. The 'hanger movie' for this December will be "Polar Express". April 17, 2010 has been set as the date for the FlyIn/DriveIn.

Treasurer's report Hannis said that we do not have the October statement yet. Our flying hours in September were 100.5 with a total of 167.6 hours July through Sept. Generally we are in good shape with over \$23,000 in the equipment, engine and insurance reserves. The engine in '394 should be good for another 200-300 hours before being overhauled. Our reserves will cover the overhaul

Fuel reimbursement forms are back at LafAv. People who filled out the forms should be getting reimbursement checks next week.

Maintenance report: President Grayson Steding reported there were no squawks. '862 is 1 hour over its 50 hour inspection. It was reported that the directional gyro in '862 seems to be out of order. The DG requires many corrections and seems to be moving constantly. Other people reported that this also occurred over the summer but it seems to have fixed itself. Write it up if you see problems with the DG. A bald spot on '862's left tire was reported. No tread showing thought.

Elections for officers was held with the following results. Officers will take their office on Jan. 16th, 2010 and will serve for a year.

President: Peter Schumann
Vice President: Michael Reddy
Treasurer: Grayson Steding
Secretary: Rick Westerman
Public relations: Chinton Visharia
Maintenance officer: Ryan McCrary
Faculty advisors: Larry Leverenz and Jim Cooper
