

Purdue Pilots Inc. meeting
April 13, 2010. 7:00 PM. Physics 333
Attendance list is below. Please send corrections to Rick at westerman@purdue.edu
Peter Schuman presided.

New certificates/ratings

We had one new Instrument Rating.

Events

April 17th from 7am-Noon is the Purdue Fly-in/Drive-in. We expect a T-6 and maybe a P-51 along with many other planes to fly in. If you wish to help out then a free pancake breakfast is available.

April 26th, AT149, ASOR will have a guest speaker.

Treasurer's report

Checking balance is \$53K. Reserve is \$60K. Thus the working balance is about negative \$7K. But this is normal for this time of the year. We have 34 members. March's total hours were good.

Maintenance report

New Bendix starter on 394. Stellar report on the oil from the Warrior with no mechanical problems detected. There was a report of a problem on Sunday with the Archer's artificial horizon. However other people have flown the Archer since then without problems.

Slideshow

James Polivka and Grayson did a photo op with both planes. They took about 400 pictures of which they presented 100. There were some very nice ones include some shots over the lakes near Monticello.

Cross-country exemption

After the general meeting the officers met and re-approved the cross country exemptions for 4 members -- Larry Leverenz, Hannis Thompson, Jim Cooper and Chris (Bingham) Clifton. This exemption to rule #1 means that they do not have to get pre-approval as per rule #5.

1. All flights of over 24 hours, or overnight, require prior Executive Board approval.
- ...
5. Pilots who have at least 190 hours of total time, hold a current instrument rating, have 1 calendar year membership in PPI, have made at least 3 multiple day cross country flights in PPI aircraft, and have 20 hours of multiple day cross country time in PPI aircraft may apply to the Executive Board for an exemption to rule #1 for multiple day cross country flights. This exemption shall remain in force for 1 calendar year or until specifically revoked by the Executive Board.

Next meeting is Wednesday April 28 usual 7:00 PM in Physics 333.
