

Purdue Pilots Inc. meeting
Sept 15, 2010. 7:00 PM. Physics 333
Attendance list is below. Please send corrections to Rick at westerman@purdue.edu
Peter Schuman presided.

New certificates/ratings

We had a bunch of new members. Welcome to the club!

Events

ASOR and the graduate aviation student council is looking for members in the aviation program.

The call-outs this semester have been well attended with about 65 people showing up during the first call-out and “lots” last night during the second call-out. A job well done by Chinton and the people who helped him.

The number of new members arising from the call-outs is low compared to the attendance. However we are at 40 members which is a good number for this time of the year. We may get even more members after last night. We did have a discussion on how to attract new members. Nothing definite was decided.

Treasurer's report

Lafayette Aviation is running late with their statement to us so Grayson did not have a report tonight.

Maintenance report

According to Gasper at LafAv, '394 has a rough running engine. If anyone else notices the problem please get hold of Peter or Hannis. We could replace the engine before Christmas (which is currently the time frame when we are expected to do the replacement.) Grayson talked to Gasper. It appears that the roughness is right above idle. Doesn't happen in cruise. The engine is not cutting out. Could be the carburetor. Our oil reports are looking good. This does not appear to be a safety issue.

New business

The electoral season is upon us. This means more TFRs are being issued. Watch out for these during your cross-country flights.

We had a vote for a replacement vice-president. The VP's duties are (1) being our representative to ASOR – the aviation student organization roundtable, (2) bring pizza to our meetings, (3) preside over the meeting when the President can not attend. Candidates were Chinton Visharia and Daniel Spivey; the latter was elected VP.

The FAA is changing the term “position and hold” into the international standard “line up and wait”.

Next meeting is Tuesday September 28, usual 7:00 PM in Physics 333.

PPI attendance list
15-Sep-2010

Baldwin, Kristy
Bongrain, Phillipe
Borchert, Christina
DeLisio, Luke
Derosa, James
Hadi, Ali
Huang, Rosemary
Jacobson, Sara
Khalaf, Faris
Leverenz, Larry
Manning, Catherine
Schumann, Peter
Shepson, Paul
Spivey, Daniel
Steding, Grayson
Visharia, Chinton
Westerman, Rick
Wilmes, Adam
Zhang, Allen
