

Purdue Pilots Inc. Meeting Minutes

October 23, 2012. 18:45. Physics 331

Daniel Spivey presided.

Chris Markel took the notes.

New Members:

PPI welcomes Lucie to the club!

Treasurer's Report:

Reminder – fuel reimbursements are being done through the PPI website. Simply sign the form and give Gillian your receipt(s).

Maintenance Report:

N31862 – in good shape, read below for Warrior business

N38394 – also in excellent condition, had its 100hr done this week

Warrior Business:

N47687 – Lafayette Aviation is selling their 1978 Warrior II (PA28-161) for roughly 30k. Some details worth noting:

809.2 engine hours

9151.8 airframe hours

Garmin 196

Dual com nav

ADF transponder

Wing leveler coupled to navs

DME

IFR certified

Interior looking raggedy

Lacking back seat comm radios

(current as of 10/23/12)

While the club wishes to acquire an IFR certified aircraft, the officers are also considering the possibility of upgrading N31862 to IFR standards. We will keep everyone posted.

This Week's Website:

Avweb.com is an excellent website for those planning to enter the industry for a full time career. They have the latest headlines in aviation news, along with videos and podcasts. Spivey suggests checking it out on a frequent basis.

This Week's Videos:

“Felix Baumgartner’s supersonic freefall from 128k’ – Mission Highlights”
