President's Report

Story of an unarmed F-16 pilot who was going to give her life to take down flight 93 on Sept. 11, 2001

Treasure's report

Fiscal year report. Positive working balance. The higher rates should help our balance the next year. More money going towards engine replacements than the past year. The more hours flown each month equals lower cost/hours.

Warrior Update

Engine still performing well.

Archer Update

Shimmy continuing on landings. Don't slam on breaks. Keep the nose wheel off as long as possible.
