

# **Purdue Pilots Inc. 10/18/17 Meeting Minutes**

Meeting started at 7:03PM

## **Club flows:**

### **President:**

-

- Office hours are 10am to 12PM in Stewart G20B2 on Mondays, Wednesday 12:30-2:30PM and Friday 12-2PM. The directions to get there are on the website under the members tab in the calendar.
- We use boilerlink to also keep track of membership, so please join our group on boilerlink if you have not yet.
- If you have not joined the PPI slack yet, please do so. It is a great way to keep in touch with the club and know what is going on.
- We want to start a PPI library of spare books and study material if you have old books and such you don't use. Consider donating them to PPI. It could save someone else money.

### **Treasury:**

- You will get your membership card at the end of the meeting when you pay your dues. As always, dues are 50 dollars for the semester. New members pay an initial fee for 115 total.
- Reimbursements should have been sent out by now. If not speak to Mary.

### **Maintenance:**

- The ads-b upgrade for 47G has been scheduled for mid November.
- Tucker just went through his annual. The carb may need replaced soon though.
- 33T was down but maintenance could not replicate so it is back up.
- Do not overtighten the oil caps. They do not need to be welded stuck tight to the engine block to be safe.

### **PR:**

-Our website is in the process of being updated.

-We would like to feature club members on our social media pages. Please talk to Geoffrey if you are interested.

**Alumni:**

-Rachel made a form that you can use to send her information about new things you have done. She will send it out in an email later. It is designed to make it easy to share the cool things you guys do as a club. Our Alums love to see what you guys are up to!

-We will be doing PPI apparel once again this semester. We also have patches for 8 dollars and those are in stock now! Geoffrey will send out another email about the details.

**Events:**

- If you missed the Air race classic callout, talk to Nicoletta and join the ARC 18 channel on slack for more info.

-In the last month, we did a number of fly-ins. If you know of any other events, we are always looking for new events so let us know if you see anything you think could be interesting.

-We are thinking of going to the Dayton air force museum. Details will be forthcoming about this possible trip.

-We are going to wash the planes Sunday October 29<sup>th</sup>, 7PM at Purdue aviation. There will be pizza! We want as many people there as we can get. It will be fun!

**Next Meeting:**

Wednesday, November 1<sup>st</sup>. Enjoy your Halloween!

**Meeting Adjourned at 7:25PM**
