

A DISCUSSION SERIES ABOUT TECHNOLOGY, POLICY, AND YOU - HOSTED BY PROF. NEERA JAIN

# BETWEEN TWO BRICKS

## A CONVERSATION WITH MR. PETER LYNCH DEPUTY ASSISTANT SECRETARY OF THE NAVY

*What does it take to lead complex, high-risk programs at the intersection of policy and execution? How do engineering decisions influence safety, infrastructure, and operational readiness? How can engineers drive change from within the federal government? Join us for a conversation with Mr. Peter Lynch, Deputy Assistant Secretary of the Navy for Safety, as he reflects on a career spanning more than 30 years in the U.S. Navy's Civil Engineer Corps and senior civilian leadership. Mr. Lynch will discuss his path from education to federal service, his experience overseeing large-scale infrastructure and safety programs, and how technical expertise can translate into leadership and policy impact across the Department of Defense.*
