HAPPY NEW YEAR!!!

Hi Ladies! Welcome Back!!! We hope your winter break was fun and you are excited to start a brand new semester!

We have an exciting semester planned! Here's our first event for Spring 2012.

WIEP GMP January Monthly Meeting

Topic: Gender and Leadership

Time: Monday January 23rd, 6pm

Location: Amelia's in ARMS

RSVP Deadline: Friday, January 20th @ noon

RSVP link: <https://engineering.purdue.edu/WIEP/Surveys/GMPrsvp>

Please join us for the first monthly meeting of 2012! This meeting will feature a tag team of two women leaders: **Director Beth Holloway** and **Dr. Patrice Buzzanell**. Beth brings interesting perspectives to this topic through her leadership in industry from her work at Cummins, Inc. and in academia from her work at Purdue. Patrice has spent her academic career researching work-life processes relating to gender and careers and has held leadership positions in many national and international associations.

You will have the opportunity to learn information about where we stand as women in the workforce and about how to forge a path for yourself in future career decisions. We hope you will **join us for important discussion that relates to all women in engineering!**

The mission of the Women in Engineering Graduate Mentoring Program is "to provide a supportive environment for the purpose of sharing information and strategies to enable women engineering graduate students to achieve success personally, academically, and professionally."

Features of the week **P.2**

Features of the Week:

Recipe Corner – Mulled Apple Cider

Feeling the winter blues? Here's a recipe for Mulled Apple Cider that will be sure to warm you up from the inside out.

- 1) Pour a gallon of apple cider into your crock pot
- 2) In a tea strainer (or tied up in cheese cloth), put a cinnamon stick (broken in half), 4 cloves, 4 allspice berries and an orange peel (if you have it).
- 3) Heat until warm
- 4) Enjoy!

Did you know...?

Jan 9th is National Clean off your desk day!

Here are some practical organizing tips from OnlineOrganizing.com

- Start by squaring off the piles on your desk.
- Then, one stack at a time, ask yourself what **ACTION** you need to take to resolve each piece of paper.
- Start creating categories like "to file" or "to read" or "to pay." These "action files" are the basis of your paper management system. Each new piece of paper you receive should be categorized, stored in the appropriate file, and then acted on
- Toss it out unless you have a good REASON to keep it. Don't let paper linger indefinitely.
- All the best!
