Dear Song Zhang,

We are glad to inform you that your **holographic videophone** was selected to the Top 100 Science Spinoffs and has entered 2 % out of 5,000 global science spinoffs according to the following criteria: uniqueness of the technology/product, high commercial potential and positive impact to the humanity's well-being.

We are pleased to introduce SPINOFF.COM, the leading information source about science spinoffs for over 30,000 investors (VC, PE and FO), 200,000 distributors, CTO's (chief technology officers) at MNC's (multinational corporations) from the Fortune 500 list, and to over 2 million viewers monthly (medical doctors and wide audience) through our multimedia channels. We are non-for-profit organization and do not charge for our informational services. Feel free to get more information by the link www.spinoff.com/about

Top 100 Science Spinoffs Report will be shared as the digital version by the end of August 2018 followed with the printed edited catalogue by the end of 2018, both free of cost for the receivers. Top 100 Science Spinoffs Catalogue will be sent only to investor-oriented audience such as CTO and CEO of the companies from Fortune 500 List (e.g. [Jon Lauckner](#), CTO at [General Motors](#); [Jeremy King](#), CTO at [Walmart](#); [Carole Nuechterlein](#), Head of

[Roche](#) Venture Fund; [Zeev Zehavi](#), VP of Venture Investments for [Johnson & Johnson Innovation](#)) and from the top biotech and pharma companies (e.g. [Gregg McNulty](#), CTO at [CVS Health](#); [Markus Goebel](#) Director at [Novartis](#) VF; [Puja Sapra](#), VP and CSO of Targeted Therapeutics Unit & Oncology Research at [Pfizer](#) etc.)

Prior to preparing a printed version, we encourage you to view the information about your spinoff by the link spinoff.com/holographic online, adjust according to your preference, supply with necessary additional attachments and information or amend any visual content (our platform, including the publication of your spinoff in the PDF report and printed catalogues, as well as up to 10 GB for all media files and documents are free for you) to make sure the printed version will correspond with your vision.

Another important point, which would strengthen the credibility of your spinoff, would be testimonials of Key Opinion Leaders. Feel free to share the link to your spinoff with the specialists you consider competent enough to leave their opinion about your product/technology below the article. After identity verification through LinkedIn, moderator's and your approval, the testimonial will be saved in our system and available on the platform and will enter different kinds of digital PDF reports and added to [Top 100 Science Spinoffs PDF Report](#), and later on, added to the printed Top 100 Science Spinoffs Catalogue which, according to the above mentioned, will be sent to the top management of the dedicated audience free of cost. You remain with the copyright and are welcome to refer to the publication as well as make amendments of your article within the online report at SPINOFF.COM at any point and amend your publication within the printed version until December, 1st, 2018. We appreciate your feedbacks and adjustment offers.

You can download the digital version of the [Top 100 Science Spinoffs PDF Report](#) with your technology on the page 185.

Best regards,

Yana Kurchenko, M.Sc.
