

Agricultural & Biological Engineering Graduate Students Association

Young Faculty & Alumni Seminar Series

Tuesday, June. 16th 2015
noon — 1pm ABE Room 301

Free food!

Dr. Heather Gall received her B.S. in Civil Engineering from Rutgers University and her M.S. and Ph.D. in Civil Engineering from Purdue University. Her research interests center around the fate and transport of emerging contaminants and environmental hydrology.

In this session, Dr. Gall is going to talk about her research in the field of environmental engineering and emphasize her experiences with job hunting in academia. The presentation will be followed by a Q&A section, please bring your questions to discuss with her.

Presented by:

Dr. Heather Gall

**Assistant Professor of ABE
in Pennsylvania State
University**
