You are invited to the College of Engineering Graduate Student Health and Wellness Fairs. Come to one or both to gather information on valuable resources (on physical, mental, social, environmental, and financial health) that can be found on Purdue's camous!

Thursday, November 12, 2015 11:30 AM —1:30 PM Mann Atrium (1st & 2nd floor) Tuesday, November 17, 2015 11:30 AM —1:30 PM ARMS Atrium

Mental Physical Financial Social Environmental

You only need to attend once as both fairs will be the same! Besides <u>free food</u>, these wellness fairs will have **20+ groups**, including CAPS, the Co-Rec Programs, Cultural Centers, REM, Purdue Federal Credit Union, the Ombuds Office, and more. Raffle prizes include a pair of tickets to a men's or women's basketball game, cooking class for 3 at the Co-Rec, hydration-tracking water bottle, fitness ball and two dumbbells, yoga mat and video, Group X Unlimited Pass. The department with the highest attendance (tallied by raffle ticket submissions) will receive \$200-400 towards GSO health and wellness events!

<u>Jazz Combos at Marriott Hall</u>: Wednesdays through Nov 25th, 6-8pm; Come for dinner in the John Purdue Room or grab a coffee and gelato from Lavazza while you enjoy the sultry jazz of our student ensembles.

Visit these websites to discover events for yourself: Greater LaLa • Purdue • Indy

"Re-thinking the Design of Presentation Slides"

Mr. Michael Alley, Associate Professor, The Pennsylvania State University Wednesday, November 11th; Noon – 1pm; Lawson 1142

Michael Alley, from The Pennsylvania State
University, is an engineer and world-renowned speaker,
communications expert, and researcher of effective
methods for designing
scientific and engineering presentations.

Mr. Alley will present his research on effective presentations, introducing attendees to principles of the Assertion-Evidence Method. Participants will learn to shape effective presentations that better help their audiences understand and retain material.

Re-thinking the Design of Presentation Slides November 11, 2015

Mr. Michael Alley
Associate Professor, The Pennsylvania State University

12-1 pm "Re-thinking the Design of Presentation Slides"

Location: Lawson Hall 1142

No RSVP required! This talk is open to any faculty, graduate students, or undergraduate students in the engineering, technology, science, mathematics, or the communications communities. Invite your labmates and friends!

Dear News Media, When reporting poll results, please keep in mind the following suggestions: What if all polls included the option If two poll numbers Scientific facts are A poll taken of your differ by less than the not determined by viewers/internet users margin of error, it's public opinion polls. is not a scientific poll. "Don't care"? not a news story. Yes, Galileo, but what of the latest polls that show the earth is flat? And now to fill Candidate O's poll numbers are plummeting! air-time, a poll which shows people who think like me The election results are in agree with me! Candidate A 30% Candidate B 26% "Whatever" Signed, -Someone who took a basic statistics course. WWW.PHDCOMICS.COM
